### **Honours & Awards:**

I was nominated for my voluntary work and was a Highly Commended Finalist for Neurodiverse achiever of the year - Genius Within Apr 2020

Every celebrity that discloses their neurodiversity helps with role modelling and inspiring the next generation. However sometimes their achievements can seem unobtainable. This is award is for someone whose striving and persistence has allowed them to achieve what they thought was impossible and provide inspiration to us mere mortals.

**Personal Interests:**

- Developing programs and plugins/addons to games (Computer Programming)
- Gaming
- Music
- Helping others with technical issues
- Films
- Cycling
- Helping people

[REDACTED] - Future Talent Advisor  
September 9, 2020, [REDACTED]

*“I would like to recommend [REDACTED] to any employer as a truly gifted, reliable, flexible and outstanding employee. I have the great pleasure to work together with [REDACTED] at the Charity Potential Kids where he regularly saves me from any IT issues. His excellent customer service nature and his incredible talent as a software engineer and configurator is impressive. [REDACTED] shows so much proactivity, initiative, and drive. He ensures safety online for all students and is responsible also for the security of the network and data. During his work experience with Computacenter he showed great dedication to the programme and all tasks. [REDACTED] is a very friendly, helpful, and polite and the whole team was sad that the week with him ended. We hope to see him again soon at Computacenter.”*
